About BIRAC

Biotechnology Industry Research Assistance Council, a not-for-profit, Section 8 Schedule B, public sector enterprise of Government of India has been set up as Department of Biotechnology's interface agency, to serve as a single window for the emerging biotech industries. BIRAC aims to strengthen and empower the emerging biotech enterprise to undertake strategic research and innovation, addressing nationally relevant product development needs

Vision

To stimulate, foster & enhance strategic research and innovation capabilities of Indian biotech industry particularly SMEs, to make India globally competitive in biotech innovation and entrepreneurship for creation of affordable products addressing the needs of the largest section of society.

Mission

To facilitate and mentor the generation and translation of innovative ideas into biotech products and services by the industry, promote academia-industry collaboration, international linkages, encourage techno-entrepreneurship and enable creation and sustainability of viable bio-enterprises.

About CDSA

Clinical Development Services Agency is an extramural unit of Translational Health Science & Technology Institute, an autonomous organization of Department of Biotechnology, Ministry of Science & Technology, Govt. of India. CDSA has been established to act as a platform to facilitate provision of high quality cost effective pre-clinical & clinical product development support services to meet the growing healthcare needs. It will assist SMEs and other relevant bodies involved in public health product development activities in India. CDSA has a national mandate of capacity and capability building in the area of clinical development and translational research in India.

Mission

To create, develop and nurture world-class clinical product development capacity in India.
